New York Turns Down Colonel at Primaries; Sends Taft Men to Convention

Campaign Manager Claims 83 Out of 90 Delegates; T. R. Leaders Shout 'Illegal'

NEW YORK, March 27.—Delegates to the Republican national convention favoring the nomination of Theodore Roosevelt, were defeated at New York state's primaries in every district where they opposed candidates designated by the regular Republican organization and claimed by the followers of President Taft.

The Taft campaign managers declared today at least eighty-three of New York's ninety delegates would go to Chicago favoring the president's re-nomination. This estimate included the four delegates-at-large to be chosen at the state convention April 9.

The remaining seven delegates were designated by the regular district organizations, but conceded to Colonel Roosevelt.

Colonel Roosevelt lost the only two fights his supporters made and the return from the 15 contested districts in New York city and Long Island gave his opponents a plurality averaging more than 2 to 1.

**WILL FIGHT INSTRUCTION.** Colonel Roosevelt's supporters now are expected to concentrate their attention on the state convention in an effort to prevent the Taft men from sending to Chicago an instructed delegation.

The primary law in operation yesterday did not permit specific instructions of the delegates at the time they were elected.

The leaders concede that the action of the New York delegation will be influenced by the results in other states that hold primaries or conventions during the interval before the New York convention.

The Roosevelt campaign managers' attempt to have the names of their delegates printed at the head of the ticket. This, the printers say, delayed their work a week and the monumental nature of the task made it impossible to get enough ballots ready in time for the election.

A new primary in New York city, it is estimated, would cost something like \$150,000, since ballots costing \$70,000 would have to be reprinted and the whole election machinery revived.

Hutchinson said the seven Roosevelt delegates probably would be the chosen from the twenty-fourth and twenty-fifth districts, which are controlled by National Committees.

Prendergast of Brooklyn, former Congressman, and Percy G. Williams of the thirty-second district, Prendergast and Luttauer are strong personal friends of the colonel, he said, and the Williams district was strongly opposed to Taft's re-nomination.

### ROOSEVELT COLORADO WON FOR TAFT

### Despise Coup, President Forces Elect Temporary Chairman by Big Majority

Roosevelt Delegates Force the Doors of Convention at Colorado Springs

COLOrado SPRINGS, Colo., March 27.—The endorsement of President Taft by the state Republican convention today and the instruction for him of Colorado's delegates to the Chicago convention were made certain when on the first test vote for temporary chairman, T. H. Devine of Pueblo, the Taft candidate, won over Ben Griffith, the Roosevelt candidate, 622 to 242.

Although the Taft forces controlled by almost a three to one vote there was no disposition to employ "steam roller" tactics at the opening session and the Roosevelt minority contented itself with vociferous cheering for its candidates.

Granted its request for representation on the resolution committee the minority supported the plan of organization agreed upon early today. At noon it seemed probable that the progressives would content themselves with offering a Roosevelt resolution and putting forward two candidates, probably Philip Stewart of El Paso county and Joseph Ewing of Weld, for delegates-at-large to the Chicago convention.

The majority of the resolutions committee endorsed Taft and instructed Colorado's delegates to vote for his re-nomination.

**DOORS FORCED.** The Roosevelt delegates to the state Republican convention forced the doors of the convention hall shortly after 10 o'clock and selected a block of seats directly in front of the platform.

With this vantage of position they planned to carry their fight through the convention, supporting Philip Stewart of Colorado Springs for temporary chairman, presenting the names of Philip Stewart and Joseph Ewing of Weld county for delegates-at-large and offering a resolution endorsing Roosevelt.

The coup of the progressives in forcing the doors caused delay in seating other delegations and it was 11 o'clock when the convention was called to order by State Chairman J. F. McDonald.

Three Killed and Many Wounded When Police Shoot at Mob in Troubled Illinois Town

Entire Sixth Regiment of National Guard Ordered to Assist in Preserving Order; Blood Expected to Flow

SPRINGFIELD, Ill., March 27.—Governor Deneen today ordered the entire 6th Regiment of the Illinois National Guard to proceed immediately to Rock Island to assist in preserving order there.

ROCK ISLAND, Ill., March 27.—An unsuccessful attempt to assassinate Mayor Schriever at the city hall was made today by an unidentified person who fired a rifle bullet through the Mayor's office window from the top of a building several squares distant. The bullet missed Mayor Schriever, who was standing in front of the window, and buried itself in the wall of the office.

The sheriff, police and militia were prepared today to resist a resumption of the rioting which resulted in three deaths and the wounding of nine persons last night. Sheriff O. L. Brunner said:

"Although everything looks peaceful now, there is an undercurrent of vicious feeling against the police and I expect to see an attack on the militia by the mob tonight. My deputies report that a number of desperate characters at Davenport, Moline and Rock Island are today carrying around the word that they will run the militia into the Mississippi river tonight. This feeling, in my opinion, will get stronger as the day goes on."

Last night's rioting continued practically unchecked for three hours. The police said there were more than 5000 persons in the mob which surged through the downtown streets pulling car controllers from the wires, overturning wagons and in other ways seeking to block public thoroughfares.

After the attack on the police station had been repulsed by the volley from the weapons of the officers, the authorities found a dozen dead or wounded men in the street. Two of the three persons killed were identified early today as J. J. Kelly, a blacksmith of Illinois, a village a few miles up the river, and L. H. Orman, a shoe merchant of this city. Kelly is said to have been one of many who came to Rock Island from neighboring communities, bent on mischief.

It is stated even that the riotous conditions here may be repeated in Moline, where local politics reflect much the same status as caused the outbreak against Mayor H. M. Schriever of Rock Island. There is to be a political meeting in Moline tonight and the outcome is awaited with some apprehension.

**MAYOR MAKES STATEMENT.** Mayor Schriever issued the following statement from his office in the city hall after a conference with the other city commissioners:

"We are devoting our time now to restoring order. I feared trouble last night and yesterday talked with citizens as to the wisest course to pursue. I did not want to interfere with free speech, but was anxious to prevent disturbances and violence."

"I had a talk with E. B. Gardner, editor of the Tri-City Labor Review, who, as I thought, was to be the only speaker last night, and assured him of the desire of the administration that he be allowed to make his speech unmolested and urged him to refrain from inflammatory utterances."

"I told him to go ahead with his plans for the recall if he saw fit, and to say what he pleased about my administration or official acts, but to keep within rational lines of what he had to say."

**PROMISED CAUTION.** "Gardner informed me that he had no intention or desire to create a disturbance and that he would caution his hearers not to do violence. From what I am told now he kept his word. It was nothing that he said that aroused the mob spirit so far as I know."

"The police were particularly careful to do nothing that would start trouble. They stood bravely through all kinds of taunts and ridicule on the part of the mob, but were not molested with brick-bats and rocks and finally with the aid of the militia, they restored order. I feared trouble last

Every pass by which Sidna and Friel Allen and Wesley Edwards could escape is guarded.

Claude Swanson Allen, the fourth of the outlaws, still at large, is believed to be hundreds of miles away. The grand jury empanelled yesterday is expected to return now indictments against the accused clansmen before the day is over. It is expected young Victor Allen, now in jail at Roanoke with his father, Floyd, probably will not be reintroduced and may be set free. Semi-officially, it is admitted that no witness has been found to testify that Victor took any part in the courthouse shooting.

## BLOOD EXPECTED TO FLOW IN ROCK ISLAND

Mob Threatens to "Run Troops Into River" Entire Regiment Ordered Out

(Continued From Page 1.)

When three of them were driven to the river bank without resistance on the part of the mob, they were ordered to get out of the river.

"When the mob came down to the police station the police did not open fire until they found they were trapped and then they fired several shots at the heads of the crowd after Commissioner Hart had gone out in front of the station and urged the mob in kindly terms to disperse. He was met with jeers and taunts and a fusillade of brick-bats.

The shots were fired into the crowd only after most of the windows of the city hall and police station had been broken and several policemen inside had been hit with bricks and stones.

The whole trouble from its inception may be traced to the fact that the police were ordered to disperse the mob and the law against disorderly conduct and chop suey joints. That is what brought forth the attack upon me by the looney paper and it is at the bottom of the entire disturbance.

"We are not going to quit now until we restore order and rid the city of the elements of disorder and defiance. Further public assemblages where political addresses may be made will not be allowed until quiet is restored and the saloons in the city will be closed for the present."

Company B of Genesee and Company G of Sterling of the Sixth regiment arrived at Rock Island today and relieved Company A of Rock Island, which with Company F of Marine, was ordered out for riot duty early today.

Adjutant General Dickson reported from Rock Island that the citizens are in a state of frenzy and that the sheriff expects trouble tonight. The mob attacked the city jail last night in an attempt to release sympathizers of John Looney, publisher of a weekly paper which had severely criticised Mayor H. M. Schriever.

During the last three days the people have been stirred up over the controversy between the editor and the mayor, and last night the police arrested two speakers who were addressing a crowd. This infuriated the friends of Editor Looney and they began to hurl stones at the police and break windows of the police station.

**MAYOR ORDERS SLAUGHTER.**

Mayor Schriever, who was directing the police ordered the officers to fire on the mob. Three men were instantly killed and about a dozen were wounded. The mob then dispersed and reformed after an hour and attempted to procure arms from a hardware store. The police surrounded the store and were able to drive the mob back.

The sheriff shortly before midnight asked Governor Deneen for state troops to assist the police in pre-

serving order. The local militia company and a company from Moline, Ill., miles away, reached here before daylight, and a company from Galesburg arrived early today.

Several hundred were in the mob that surrounded police headquarters where two of the leaders of the rioters were slain.

**BRICKS ARE THROWN.** Bricks were thrown and windows of the police station smashed. Then followed several shots from the crowd. It was then that Mayor Schriever, who was directing the police, ordered the officers to charge the mob.

A number of men were seen to fall. This caused the rioters temporarily to withdraw. Physicians were summoned, as were the sheriff's officers. Three were picked up dead.

After the dead men and wounded had been removed, the mob reorganized and the leaders directed the mob howling associates to a hardware store for the purpose of securing a fresh supply of arms. The police thwarted them.

As soon as word was passed that the mob was to take charge, the people who had remained in the street after the fatal volley was fired, dispersed.

**DENOUNCED BY EDITOR.** Mayor Schriever recently began a campaign to clean the city of undesirable people, and he announced, but his one of the leaders declared that he wanted to oust his political foe. A few days ago the editor of a weekly newspaper scathingly denounced Mayor Schriever and the mayor ordered that the issue of the paper be suppressed.

Announcement of the suppression of the publication was made at a mass meeting of opponents of the mayor, and after the meeting a large crowd went to the newspaper office, to get copies of the paper. The mayor's opponents had been angered by the fact that Mayor Schriever had physically chastised the editor of the paper for previous editorials.

The police ordered the crowd from in front of the newspaper office and beat back the people with clubs. Many arrests were made and a small riot ensued. Yesterday the body of Frank J. Fuchs, of Wisconsin Junction, Wisconsin, was found in a hallway.

It was reported that he had been killed in the riot. A mass meeting was called for last night. Petitions for the recall of Mayor Schriever were circulated and a crowd gathered after the meeting, swearing vengeance for the attacks made on the crowd at the newspaper office. Some of the rioters said that the police had murdered Fuchs, although physicians last night announced that the man probably died of apoplexy.

day, in which Roosevelt forces were defeated, Roosevelt, on his way to Chicago today, declared was a farce. "In New York state as a whole there was no real vote of the Republican party whatever," he said. "Outside of New York city the primary law is a farce. Inside of New York city it has been shown to be a criminal farce."

"Even as it is, one fourth of the delegates are straight out Roosevelt men. Of the remaining three-fourths, the great majority of those elected from New York city have no more claim to sit in a Republican convention than the Socialists have. It is Tammany Hall, for they were elected by methods more outrageous than the worst methods that Tammany Hall itself ever employed in an election."

"In my Chicago speech tonight I shall take this matter up in detail and explain why these men in no way or degree represent the Republican party and why no action of theirs would be regarded as representative of or binding on the Republican party," he continued.

**FIGHTING SPEECH.** "It will be a fighting speech," Roosevelt learned the outcome of the Indiana state Republican convention yesterday, but decided to comment on it. Crowds turned out at several stations to greet Roosevelt on the way across Ohio and Indiana. At Lima he said to a crowd at the station:

"I stand and upon which I am trying to insist are that in the long run the American people can govern themselves better than any other body can govern them. Now, all I want is to apply the same principle to us collectively that each of us applies individually."

"Every man that is fit to call himself an American wants to boss his own life. He wants to lead his own life. He wants to be free. He wants any one of us will, you or I will, but they will be my mistakes. But I want to make them myself. I do not want any one else to make them for me."

**WILL HAVE DEAL TO SAY.** "If they are against me I would not say a word, but when they are for me and treacherous political methods are employed against me and my supporters, I will have a deal to say. The same thing applies to you. If they take a majority against them and by foul means turn it for them."

"All the powers of money were against us in your state convention and organized machine methods were used. We won in this state a clear majority but the bosses in the convention deliberately turned out 200 delegates so as to give them a majority. We will not stand for that. If they force us to stand for that, we will stand for a single kick, but if they cheat us by foul means they are not fair representatives of the party and we shall see that the people of Indiana have their wishes represented in the Chicago convention."

## Harvard Men Name Taft as Their Choice

CAMBRIDGE, Mass., March 27.—President Taft scored another victory yesterday when he was named by his Republican rivals, but over all the Democrats and a Socialist as well. In a straw vote taken at Harvard, the President was led all round by a wide margin, and showed conclusively the choice of the Harvard men for the occupation of the presidential chair up to 1916. The vote was as follows: President Taft, 43 votes; Roosevelt, 48; Wilson, 42; Debs, 55; Harmon, 53; La Follette, 52; Hughes, 43; Underwood, 37; Clarke, 25; Cummins, 7; Bryan, 7; and Foss, 4.

## President Endorses List of Delegates

SACRAMENTO, March 27.—In a communication today to Secretary of State Jordan, President Taft endorsed the list of 25 delegates proposed by the Taft organization of California to go on the presidential primary ballot, pledged to support his candidacy before the Chicago Republican National convention.

This formal procedure is for the purpose of having the biography of the president printed by the state and distributed by the several county clerks to the Republican voters in California.

## OFFICIALS TO REPLY TO RECALL CHARGES

Mayor and Associates Receive Notice of Plan to Circulate Petition

Mayor Frank K. Mott and Commissioners Fred C. Turner and William J. Baccus are busily engaged in preparing replies to the charges filed against them in the statements of intention to circulate a recall petition presented to City Clerk Frank R. Thompson last evening by C. H. Stocking, representing the Socialists.

The recall statement was filed last evening and the officials sought to be ousted from office by the Socialists have until April 1 to prepare the replies to the allegations of their opponents.

The charges against the city officials are the same as those adopted by the committee of 88 of the Socialists last Sunday and published in THE TRIBUNE. Mayor Mott and Commissioner Turner are added to the charges that they are responsible for maintaining the "chain gang" at work in the city.

Members of the city administration sought to be recalled were notified last night by the city clerk of the filing of the statement of intention to circulate the petition. None of the officials named was willing to give out a statement today, merely contenting themselves with reiterating the statements about the Industrial Workers of the World trouble of March 3, given out when the recall was first threatened.

**WILL MAKE REPLY.** "I will file my formal reply to these charges in a few days," declared Mayor Frank K. Mott this morning. "Until I present my formal reply I should prefer not to discuss the charges in detail."

Commissioners Baccus and Turner took a similar stand. After the filing of the replies to be made by the three officials against whom the recall is sought, recall petition blanks, carrying the names of the officials, the charges against them and the names of the petitioners, will be printed at the expense of the city and distributed to the Socialists. The date for the election will then be set not less than 60 days nor more than 90 days after the filing of the petitions.

**CHARGES STATED.** The affidavits bearing the charges against the three officials are signed by the following Socialists and carry the names of the petitioners: C. H. Stocking, W. A. Gray, J. H. Eustice, J. B. Osborn, P. P. Sheehan, O. Seifert, R. Strowenjan, Otto Sins, J. R. Tuck, Joseph Murray, Roe Bishop and others.

The grounds for the recall are as follows: "For unlawfully directing the police department to invade Hamilton hall on March 3, thereby violating the constitutional rights to peaceful assembly."

"For directing the police force to commit acts of lawlessness in violence against peaceable citizens in the streets of the city of Oakland, and maintaining the chain gang."

"For violating the letter and the spirit of the new city charter in denying the commissioner of public works the right to make appointments in his department."

"For leasing away for a fraction of its value the East Oakland water front a few days before the new charter referendum provisions of the new charter."

"For renewing the Southern Pacific company's twenty-year franchise for \$5 a year before the old franchise had expired and before the new charter had been adopted, thus defeating the referendum provisions of the new charter."

## OFFICIALS NOTIFIED

City Clerk Frank Thompson has issued the following notification to the three officials sought to be recalled: "Dear Sir: I hand you herewith the

affidavit of C. H. Stocking on behalf of certain citizens and voters of the city of Oakland containing the statement that it is the intention of said persons to circulate a petition for the recall of Frank K. Mott from the office of Mayor of the city of Oakland."

"I respectfully call your attention to Section 6 of Article IV of the Charter of the city of Oakland, portion of which reads as follows: 'Said officer sought to be recalled shall have five (5) days after the filing of such affidavit in which to formulate and send by registered mail to the address of the party making such affidavit a statement, in not more than two hundred (200) words, justifying said officers' course in office.'"

"As I estimate it, you will have up to and including Monday, April 1, 1912, in which to reply to the charges shown in the aforesaid statement of intention to recall."

"I have further to advise you that the affidavit and statement was delivered to me in triplicate and that I have, in accordance with article and section above quoted, filed as of this date, the original of said affidavit and statement."

"Yours respectfully,  
"FRANK R. THOMPSON,  
"City Clerk."

## FALLS IN FAINT WHILE IN COURT

Accused Man Collapses as the Prosecutor Suggests He is Insane.

LOS ANGELES, March 27.—Just as a deputy district attorney announced he believed the defendant was insane, Morris J. Condory, charged with having attempted to commit burglary at the Pasadena home of Mrs. Jack Cudahy, divorced wife of the son of the Chicago millionaire packer, fell to the courtroom floor in a dead faint today and was revived with great difficulty.

When the case was called Condory was summoned from the jail and was standing in front of the jury box while the deputy prosecutor was stating the case to the court. He had just concluded the statement that physicians believed Condory insane when the defendant fainted.

The defendant's father, Prof. V. Condory, of San Francisco, who came south a few days ago to aid his son. The case was then continued until tomorrow.

Mrs. Cudahy, who charged Condory with having stolen a check for \$20,000, was late, and did not reach the courtroom until after Condory had been removed to the jail. Condory's father has stated that his son was a grandson of the late Chief Justice of Denmark.

Condory was born in Copenhagen, Denmark and held to an \$8,000,000 estate.

The more moderate members tried to get the faction to insert a recommendation on the ballot paper, but was decided to leave the men a free hand.

## TO BALLOT SOON

LONDON, March 27.—At a full meeting of the Miners' Federation today was decided to take an immediate ballot among the men as to whether they desire to accept the government's wage bill and return to work.

The government's minimum wage bill, which is to put a stop to the disastrous coal miners' strike, will be the law of the land within twenty-four hours. Thus far the end of the strike, and of the distress and suffering it is causing to a million miners will ease the coal miners' and their families and dependents throughout the country, is not in sight.

The Miners' Federation met today to discuss the situation and to consider a proposal for submitting the question of balloting on whether the minimum wage bill should be accepted.

**HOPE BILL IS EFFECTIVE.** The mine owners also confessed, but the result has not been made public. The cabinet hopes the miners will seize the opportunity afforded by the enactment of the minimum wage bill for returning to work.

Even if this hope should be realized, it will be necessary to take measures to relieve the great distress and suffering of the coal miners' and their families and dependents throughout the country, is not in sight.

## NATIONAL WAGES BOARD

It is also likely the government will establish a national wages board with an independent chairman to consider and determine on the proposals for introduction of the minimum daily wage of \$1.00 for men and \$0.80 for boys, on the understanding that with these two points settled all the miners will return to work while negotiations are proceeding for fixing minimum rates for other grades of workmen.

Already troops are prepared to move in Wales and at any moment their services may be required to protect the miners at the Brynkinnell colliery, who have been working for several days. An attempt to interfere with them was made last night. The miners connected with the collieries of the surrounding districts marched in a body today toward Brynkinnell. They were quickly followed by police reserves. Trouble is also feared in Scotland where many men already have returned to the pits and others are anxious to follow.

V. Fartherburn, the leader of the Welsh miners, has the strike has now really begun and that the miners are not going to work until they have won.

## THE KING OF BLOOD PURIFIERS

As the Lion is Monarch of the Forest, so S. S. S. is King of Blood Purifiers and Master over all Blood diseases. Pure, rich blood and a free circulation is the surest prevention against the diseases and disorders which are constantly attacking our physical systems. Healthy blood stimulates the excretory members and enables them to filter out of the system everything that is not necessary or beneficial to the growth and development of the body. Thus we are apt to remain healthy unless there is a weakening of the vital fluid or an impure infection of the circulation.

Imperfect blood takes various forms in its outward manifestation. A weak, watery circulation denotes anaemia with its attendant evils of pale, waxy complexions, malarial conditions, or perhaps some more definitely marked disorder is shown. Frequently the blood becomes infected with acid humors, and Eczema, Tetter, Acne, or some other skin affection makes its appearance, while an excess of uric acid in the circulation produces Rheumatism with its pains and aches. Old Sores and Ulcers are likewise dependent on bad blood, these places being kept open and in a state of irritation by the drainage of pollution which disordered blood constantly discharges into them.

Another common indication of weak, impure blood is the loss of appetite, tired, worn out feeling and a general run-down condition of the system. This is an ailment very prevalent in the Spring and most persons so afflicted realize the necessity of overcoming the trouble by the use of a tonic.

We recommend to all in need of a blood purifier or tonic, the use of S. S. S., a medicine which has proven itself the greatest of all blood purifiers. It goes down into the circulation and removes all impurities, humors and poisons and makes the blood pure and health-sustaining. It purifies and strengthens weak deteriorated blood, supplies it with the healthful properties it needs and lays the foundation for good health. As a tonic S. S. S. has no equal and those who are beginning to feel the need of such a medicine to fortify themselves against the unpleasant conditions which come with Spring and early Summer, should commence its use at once. S. S. S., the King of Blood Purifiers, is a genuine blood cleanser, made entirely from roots, herbs and barks; it does not contain a particle of mineral in any form. You could not do better than begin the use of S. S. S. if from any cause your blood is weak or impure. S. S. S. cures all troubles due to a deranged circulation, and you will find it the most satisfactory tonic you ever used. Write for book on the blood and any medical advice. No charge for either.

## TONG FIGHT DID NOT MATERIALIZE

Enemies of Hop Singa Challenged to Combat in City Park.

Printed challenges posted in Oakland's Chinatown directed at enemies of the Hop Singa, asking them to appear with guns in Harrison street park and fight, caused excitement for a time at the headquarters last night. Captain Charles Beck, who heard of the notices, rushed a large force of patrolmen to the danger zone and the headquarters of the Hop Singa were kept under surveillance all evening. The Hop Singa have a large force of gunmen in the city, and trouble has been looked for by the police for some time.

Beck was first apprised of the fact that the gunmen were in Oakland by a friendly Chinese who gave him information regarding the movement of the tong members, and since that time a heavy guard has been placed in the Chinese settlement.

Open threats have been made by the Hop Singa that their gunmen were looking for blood, and Beck states that any fighting will result in the closing up of every opium den and lottery place in the city as well as a close watch on the district, and wholesale arrests of suspects. The police are determined that there shall be no trouble in the city.

On the other hand the Hop Singa state that nothing but blood will satisfy them, and the printed challenge was an open defiance to the law and to all their enemies. They desire to settle their differences once and for all with guns, and will not be satisfied until there is trouble.

## WASHERS SUBSTITUTED FOR COIN IN HANDKERCHIEF

Working the old game of substituting a handkerchief containing iron washers for one containing money, two Italians swindled a fellow-countryman, Luigi Aragona, of 28 Salmon alley, San Francisco, out of his savings, amounting to \$215.

The robbery occurred in Harrison street park in this city. Aragona met the two men in San Francisco, and they induced him to go downtown and deposit his savings from the bank there. The three then came to Oakland and went to Harrison street park. Explaining that arrangements had been made to invest the money and an equal amount subscribed by the two confidence operators, the men induced Aragona to place the money in a handkerchief. One of the accomplices became ill and left to find a drug store. The other soon followed to discover what had become of his savings, leaving Aragona in charge of the handkerchief containing the money. Aragona became tired of waiting, and opened the handkerchief. It contained a piece of rock and some iron washers.

A. B. Dutton, a resident of the Ridgely house, Seventh and Cedar street, reported that burglars forced the rear door of the place last night and stole cigars and whiskey, valued at \$10.

## OUTLINE BERKELEY TEMPERANCE FIGHT

Committees to Carry on Campaign Against "Sealed Package."

BERKELEY, March 27.—Relief was felt by the leaders in the temperance fight in the university city this morning when it was learned that still another day remained in which voters may register for the election which is to decide whether the sale of liquors shall be permitted in sealed packages. At a meeting last evening of the executive committee appointed by J. L. Slater, chairman of the committee of fifty, and of the pastors of local churches, it was charged that the county clerk's office had not supplied registration disputes with the necessary blanks and that in consequence many of the women desiring to register had been turned away. The delay in securing the blanks was laid to the lack of authority of the clerk to put in his order until Monday, when he was reappointed registrar by the board of supervisors.

Prof. W. B. Herms of the University of California presided at last night's meeting, at which it was decided that headquarters would be at once opened at the Y M C A building and a vigorous campaign inaugurated to secure a victory for the foes of the sealed package. Mrs. J. L. Slater, president of the W. C. T. U., stated that disputes would be on hand at several of the churches this evening to register voters.

The following committees will have charge of the local campaign: Executive—Prof. W. B. Herms, Prof. Gilbert Brink, G. B. Oehlert, Ralph Hawley, T. E. Caldecott.

Publicity—L. E. Blockman, F. A. Jackson, H. B. Brader, Mrs. M. Cartwright, Professor Herms, G. D. Yocum, Prof. Thomas H. Reed.

Finance—H. A. Johnson, J. H. McKibben, S. M. Wyckoff.

The next meeting of the general committee will be held at the Y M C A building on Friday evening, when the campaign will be more fully outlined.

SAN FRANCISCO, March 27.—The directors of the defunct California Safe Deposit and Trust Company may escape liability for the failure of the institution and it may not be possible to recover any of the lost funds, according to a decision rendered today by Judge Sewall. The court overruled the demurrer of the stockholders to the complaint brought by the depositors and attorneys for the Depositors' Association, who are endeavoring to obtain as much as possible in the shape of funds from the wreckage of the bank and who believe that the directors will not be exempt.

The depositors, it is claimed, by today's decision are without redress and cannot recover anything from the directors.

## PARENTS SEEK TO ANNUL MARRIAGE

Apparently Gave Consent; Now Would Break the Marital Ties.

SAN FRANCISCO, March 27.—After apparently consenting to the marriage of their son by attending the wedding festivities and extending their congratulations, the parents of Benjamin Rosenberg are seeking to have his marriage annulled on the grounds that he was under 21 when the ceremony was performed. The relatives and friends of the couple appeared in Judge Van Nostrand's court today, when it developed that the Rosenbergs were married on New Year's Day, at the home of the bride's sister, Mrs. Bertha Fischer, 609 Third street, Oakland.

Mrs. Rosenberg Jr. was only 16 years old when the wedding occurred and her husband was scarcely 18. It is claimed, however, by counsel for the bride that consent had been obtained from the parents of both and that therefore there can be no annulment on the grounds that the couple were not of legal age.

Eight Words on Leaf From a Note Book in County Clerk's Collection.

"Dear Kit. Forgive me if you can, and keep the boy to, for me. My mind is fixed. Can't stand it no longer."

The will was dated February 28 and the piece of paper on which it was written is so small that Deputy Clerk Adams had difficulty in finding room for the filing of same.

## Spirits for Rheumatism

The use of spirits in the treatment of rheumatism has proved an innovation among the medical profession. When mixed with certain other ingredients and taken properly it is said to be an almost infallible cure for rheumatism and backache. Here is the formula: "From your drugist get one ounce of Toris compound (in original sealed packages) and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bedtime." Results come immediately. If your drugist does not have Toris compound in stock he will get it in a few hours from his wholesale house. Don't be influenced to take some patent medicine instead of this. Insist on having the genuine Toris compound in the original one ounce sealed yellow packages.

## CHANGE LAW FOR THE TIME BEING

Ordinance Will Be Amended Until Theater Permit Is Obtained.

That a \$20,000 theater building, plans for which were drawn and adopted prior to the passage of the recent building ordinance, may be erected in accordance with the original plans, a temporary amendment to the building ordinance was passed this morning reducing the requirements to those of the old ordinance. The amendment will be in effect only long enough to allow the granting of a building permit to L. L. Price, manager for the proposed new theater. The ordinance will be re-amended as soon as the permit has been granted and Price will pay the expenses of printing both amendments.

This seemingly special legislation was passed by the council this morning at the instance of Commissioner of Streets W. J. Baccus, who the recently passed building ordinance might not be retroactive in its effect. The old ordinance permitted the erection of theaters of large seating capacity to be of classes A, B or C construction. The new ordinance provided that theaters of a seating capacity of more than 1000 must be of class A construction.

Prior to the passage of the new building ordinance a corporation backing L. L. Price of the Central theater in Eleventh street, east of Broadway, had adopted plans and made all arrangements for the erection of a \$20,000 class C theater building to seat 1500 people. The new ordinance would make this impossible, and would drive away from Oakland a large investment. Plans for the new structure were drawn by architect C. W. Dickie. The amendment passed this morning virtually continues in force the old building law.

Most of those sworn to try the case declared themselves experts as to the fit and style of men's clothing, which is an accomplishment in this particular case. The women seemed to relish their position on the panel, in most instances.

The trial of the case, which began this morning, will continue throughout the day.

## AREASONABLE PLEA FOR THE STOMACH

If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Especially When It Costs Nothing to Try.

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments and the secretion of hydrochloric acid. When your food fails to digest, it is a proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestive agents. Chemical Laboratory, Telephone No. 1029, Central 20, Culham street, Fen-church street, D. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), manufactured by the F. A. Stuart Co., 36 Clerkenwell road, London, E. C. 1, and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adaptable for the purpose for which they are intended.

John R. Brooke, F. I. C. F. C. S. There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, inflammation, loss of appetite, melancholia, constipation, dizziness and nervousness originating from improper digestion and assimilation of food, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and powerful remedy, one grain of the active principle in these tablets being strong enough (by test) to digest 3,000 grains of steak, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent box, or send to us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

## PLANS TO RESTORE THE HOLY LAND

Peter Martens Declares That He Was to Have Had the Job.

LOS ANGELES, March 27.—An alleged promise that he would be made superintendent of the work of restoring the Holy Land and overseeing the rebuilding of Solomon's Temple caused Peter Martens to mortgage property for \$700, according to his testimony in an action against him in the Superior Court today.

Martens alleged that Miss Anna Lawrence and her brother Henry J. Lawrence persuaded him to mortgage his property to obtain funds for a journey to Galilee where Lawrence was said to have promised to follow. Martens declared he knew little English at the time, but had faith in the Lawrence family. Finding the Holy Land enterprises unsuccessful Martens returned to California. Miss Lawrence then sued him for the \$700 due on his note, secured by the mortgage on his property. He brought counter claims of \$11,877 for damages against her and her brother.

The bride stated that the license was secured by Goldsmith without her knowledge, and that with it the theatrical man attempted to "bluff" her into a marriage.

## ENGINEERS TO MEET ON LABOR TROUBLES

SAN ANTONIO, Texas, March 27.—Probably the largest labor troubles in Mexico a five days' general convention of the Brotherhood of Locomotive Engineers and the Order of Railroad Conductors will begin on April 3, March 28 had heard of the meeting, but it is believed this date was changed to allow time for the taking of a poll of American engineers and conductors employed in Mexico to determine whether a general strike would meet with their approval.

## LEMON BECOMES WALNUT.

PASADENA, March 27.—After April 1 the village of Lemon on the Southern Pacific line, near Puenle, will be known as Walnut. Lemon was named before the phrase which made lemon immortal had been originated.

Now its residents suffer great mental agony on account of the name, as the railroad company has agreed to give them a "Walnut" on All Fool's day.

## SAGE TEA DARKENS THE HAIR AND RESTORES COLOR TO GRAY HAIR

Cures Dandruff, Stops the Hair from Falling Out and Makes It Grow.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull and faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome method of

## FRICK TO SEEK PLACE ON BENCH

Wants to Be Returned as Judge to Succeed Judge Ellsworth.

Judge A. L. Frick of this city, who has been practicing law here for many years and who formerly sat upon the superior bench in this county, having been appointed by Governor McKimham when he was 28 years old, wants to be returned to the position. Yesterday he announced himself as a candidate to succeed Superior Judge John Ellsworth, who will retire at the end of his present term, which expires in January.

At the time of his appointment to the bench Frick was the youngest judge to receive that honor. Judge Zook of Marin county is at present one of the youngest men in the office.

Four candidates have already declared their intentions of entering the race for a superior judgeship. There will be two vacancies, as Superior Judge F. B. O'Connell's term also expires. He will be a candidate to succeed himself. The others are District Attorney W. H. Donahue, City Attorney Fred S. Sura of Alameda and Police Judge George Samuels of Oakland.

Friends of each of the candidates are rallying to their support. District Attorney Donahue was the first to enter the field, he announcing his candidacy simultaneously with the declaration of Judge Ellsworth that he would retire when he completed his fourth term. Donahue has the support of many prominent and influential men among the legal fraternity of Alameda county. The other aspirants also have strong claims for support and each man has a host of friends who are already working in their behalf.

Attorney Burton J. Wyman has interested himself in the campaign to be commenced at once by Judge Frick and will visit the eastern end of the county this week.

## CHILD RE-UNITES PARENTS IN COURT

Shafers Agree to Make Up Their Differences and Live Together.

As Mr. and Mrs. Howard Shafer who were suing each other for divorce have decided to make up their differences, the question as to jurisdiction over their three-year-old child which was puzzling Superior Judge W. H. Waste of Alameda county and Superior Judge Benjamin F. Bledsoe of San Bernardino county has been settled.

Yesterday, while in the court room at San Bernardino, in the matter of habeas corpus proceedings brought by the father to compel Sheriff Ward to deliver the child to him, the couple met and while the child romped around the room they decided to set aside their differences, according to word received in this city. Mr. and Mrs. Shafer sued for divorce in this county and was awarded temporary custody of the child by Judge Waste. The husband took similar action in the south and was awarded temporary custody by Judge Bledsoe.

In the meantime Under Sheriff Ward took charge of the little fellow and hesitated to deliver him to either of his parents, for fear of being in contempt of one or the other. He was wired to Judge Waste asking "What to do?" It was up to one of the courts to set aside its order and they were considering the matter when the case came to a happy conclusion.

Mrs. Shafer gained notoriety last October when she was shot and seriously wounded by Mrs. Mary E. Larkin, who avowed that Mrs. Shafer had alienated the affections of her husband. The charge against Mrs. Larkin was dismissed when she was sent to a state asylum for the insane.

## WOMMAN, LEGALLY DEAD, IS ALIVE

Mrs. Annie J. McKillip Puts in Claim for Property in Local Court.

In spite of the fact that the local courts had pronounced Mrs. Anna J. McKillip of Toronto, Canada, legally dead, she appeared in Judge Wells' court late yesterday and put in a claim for some property which she believed she possessed in North Oakland, but which had been sold through the administration of the estate of Mrs. Anna J. McKillip, who died in San Francisco and left her property to a nephew, H. A. Green. A similarity in names led to the mistake being made in the first place. Green later sold the property to C. C. Higgins, and following that L. H. Smith put in a claim for it and the whole matter became involved.

Through Smith it was learned that he had obtained his title from Attorney Graber, who in turn said that he had a quiet title from Mrs. McKillip of Canada. For her part, Mrs. McKillip of Canada told the court that she had turned it over to Graber under a misrepresentation, and that she intended to sue for recovery. It was while Smith and Higgins fought over the property that Mrs. McKillip was called from Canada as a witness by Smith and that she discovered that she had been believed dead by the courts. As a result of the unexpected complications, Judge Wells decided to continue the whole matter for a week in order to have an opportunity to figure it out.

## WIFE FINDS MAN DEAD IN ROOM

Carpenter Kills Himself When He Fears Losing His Mind.

SAN FRANCISCO, March 27.—Fearing that he was losing his mind and in despair because he had not been able to obtain a position on which he had counted, Alexander Hunt, a carpenter, committed suicide this morning at his home, 1224 Eleventh avenue. A note left for his sorrowing wife and two little boys gives the reason for his ending his existence. The message, which was found on a table in his room, reads as follows:

"Dear Anna, I think the best way for me to do is to end it all, as I am not able to do anything more and I know I am losing my mind. You and the two poor darling boys will be better off. Ask August if he will see you through until the Woodmen pay you my God, I am in awful condition. Don't let my dear boys know as it is me. If Reader let me go to work all would have been well."

The odor of gas escaping from Hunt's room at 8 o'clock this morning led to the discovery of the body by his wife, who, when forced in the door, the August mentioned in the note is a contractor for whom Hunt formerly worked.

## CAPTAIN BOLLES, INSPECTOR, DIES

James Guthrie to Succeed the Employee in Government Service.

SAN FRANCISCO, March 27.—Captain O. F. Bolles, for 17 years government inspector of kulls at the port of San Francisco, and known to every shipping man and sailor in the Pacific, died last night in Menlo Park, after an illness that has confined him to his home since the first of the year. He was nearly 72 years old and was a native of Waseham, Mass.

Captain James Guthrie, who was assistant inspector for eleven years, yesterday received his appointment from the secretary of commerce and navy to succeed Captain Bolles, who resigned two weeks ago.

The new inspector is well known on the coast. For 15 years before entering the government service he was skipper of various vessels of the Pacific Coast Steamship Company's fleet. Guthrie will assume his new duties at once.

## WHY TRAVEL FOR THIS

Many people travel to far distant points to "change of climate" to build up their health.

Now what does this change of climate do for them? Usually if it does any good at all, its effect is to make them eat more.

But if you need more strength and can't afford the time and expense of travel you need not be discouraged.

A. M. Sturz of Bronx Borough, N. Y., suffered from weak, tender lungs and almost continual headaches for over two months. In a letter he says: "Since I have been taking Vinol, the symptoms of lung trouble have disappeared and I have no more headaches. Vinol has built me up and made me feel even much better than I did before this trouble came on."

Vinol, our delicious cod liver and iron remedy without oil, builds you up by making you eat more and digest better. It enriches the blood with tonic iron at the same time. Try Vinol. If it does not benefit you we will give back your money. The Orlan Drug Co., Oakland, Cal.

SAN FRANCISCO, March 27.—The joys are running rampant in three thousand places in San Francisco today. Three thousand of the town citizens are wearing a broad smile. And it would not be safe to say how many thousands will be inwardly rejoicing when they read the edict that saloons will not have to close on election day.

The drink emporiums are to remain wide open, hence the presence of the joys and the broad grin of the proprietors. Thereof Orders were issued to the police department this morning that the saloons would not be forced to close either for the civic center election tomorrow or for the bond election for the telephone company on Friday.

Tomorrow, for the first time in the history of San Francisco, the women are to cast the ballot. The fair sex is as a unit in favor of the bond issues. It is said

## CONVICTED CHAUFFEUR'S CASE IS CONTINUED

SAN FRANCISCO, March 27.—Expressing himself as in a quandary as to what to do with the case of Frank Kernan, the chauffeur convicted of manslaughter, Superior Judge Lawrence today continued the motion for probation until Saturday. Kernan ran down Miss Annie Dwyer, matron of the Harbor Hospital, who died a few hours after the accident. The Rev. Father Joseph McQuade, a cousin of the dead woman, has pleaded for Kernan's release on probation and others have testified as to his good behavior.

This morning the court declared that despite the evidence of his friends the young man's offense was a grievous one. He rehearsed the testimony showing that the machine was going at a rate of 25 or 30 miles an hour.

## The Fresno Delegation at Santa Cruz.

Under the head of "An Old Lie Nailed" the Fresno Republican prints an editorial, from which we extract the following:

"THE OAKLAND TRIBUNE repeats once more the old lie that Dr. Chester Rowell 'delivered' the Fresno delegation at the Santa Cruz convention to the Herrin-Ruef combination. Just for the truth of the history of that now-famous convention, it seems time to state the exact facts, in regard to this oft-told tale. It is true that the Fresno delegation at Santa Cruz voted for Gillett, and that it was largely composed of Dr. Rowell's friends, but it is not true that Dr. Rowell favored that action, or had anything to do with it. Like the Southern California reform delegates in the same convention, the Fresno delegates opposed Pardee, out of resentment for his inactivity in the Bard-Flint Senatorial contest, and supported Gillett, not because he was the machine candidate, but because of their faith that he would be independent of the machine."

If Dr. Rowell should say he had no part in the deal by which the Fresno delegation was traded off at the Santa Cruz convention in 1906 to the Gillett managers in exchange for votes to nominate W. R. Williams, we should unhesitatingly believe him, because Dr. Rowell is a truthful and honorable man. But the word of Chester H. Rowell, editor of the Fresno Republican, carries no weight. Some better testimony than the younger Rowell's word must be presented before Dr. Rowell can be given a quitclaim.

In his effort to vindicate his uncle Chester Rowell tergiversates and misrepresents with deliberate intent to deceive. He does not meet the issue presented by THE TRIBUNE. He admits that the Fresno delegation was composed "largely of Dr. Rowell's friends"; that the doctor was at the convention and that he advised the delegation, but says the delegation did not accept the doctor's advice to vote for Dr. Pardee.

This is the first time we heard that Dr. Rowell gave any such advice. It was understood at Santa Cruz that Dr. Rowell was hostile to Dr. Pardee and that his influence alone kept some of the delegates from voting for Pardee. This may have been an erroneous impression, however, and we have no desire to do Dr. Rowell an injustice.

But it is singular that a delegation composed largely of Dr. Rowell's friends should have been programmed, contrary to the doctor's advice, for a ticket Dr. Rowell was opposed to and by men Dr. Rowell regarded as untrustworthy and venal if not actually corrupt. Dr. Rowell has dominated Republican politics in Fresno county for a generation. He is easily the most eminent and influential Republican in Fresno county, and by right of character, ability, experience and standing among his fellow citizens is an acknowledged leader of his party. That he should have been unable to exert any influence with a delegation composed of his friends and neighbors and political followers passes belief.

Chester Rowell omits to give the reason why the Fresno delegation voted for Gillett. He also neglects to mention the fact that the delegation voted solidly for the slate prepared by Walter F. X. Parker, who was the Southern Pacific field marshal in that campaign. Walter Parker bought the Fresno delegation with the nomination for State Treasurer, which went to W. R. Williams, a political protégé of Dr. Rowell. The same Williams is now State Superintendent of Banks. He was the direct beneficiary of the deal which permitted Walter Parker to program the Fresno delegation clear down the line.

Here, again, is a signal contradiction of Nephew Rowell's vindication of his patron and avuncular relative. Had the Fresno delegation voted for Dr. Pardee and refused to be programmed by Walter Parker, Williams would not have been nominated for State Treasurer. He was hardly known outside of Fresno county, and he was slated by Parker because the Fresno delegation was handed over to Parker to program. And this delegation was "largely composed," as Nephew Rowell admits, "of Dr. Rowell's friends." Certainly Dr. Pardee's friends at Santa Cruz did not credit Dr. Rowell with advising his friends, neighbors and political followers to vote for Dr. Pardee. It was understood that Dr. Rowell was "sore" at Pardee because of the defeat of Senator Bard for re-election.

The next time Chester H. Rowell attempts to nail a lie he had better hit the nail on the head and not go driving tacks in the wrong place.

It is stated that the Baltimore hotels contain few bathrooms. Why should they have bathrooms? Baltimore is a Democratic town.

## Is Roosevelt Preparing to Bolt?

Is Roosevelt preparing to bolt? It looks like it. Whenever his supporters are defeated in a convention they go out and hold a rump convention and elect contesting delegates. When they are defeated in a primary they yell fraud, and when they see defeat staring them in the face they declare Taft cannot win unless there is a resort to foul means. Senator Dixon, Roosevelt's campaign manager, announced in advance that if the Taft-supporters controlled the Indiana convention it would be an evidence of fraud and corruption. The Taft forces did control the convention and the Roosevelt crowd held a bolting convention of their own and elected a contesting delegation.

In Montana, Dixon's own State, the Roosevelt minority of the Republican State Committee—twelve out of thirty-nine—have made preparations to send a contesting delegation. This minority has called a separate primary from the one ordered by the State committee. This proceeding must have had Dixon's sanction.

After Roosevelt was defeated in one of the Oklahoma district conventions, his supporters held a "soap-box" primary and elected contesting delegates.

In Tennessee, Florida and Alabama the Roosevelters have bolted when defeated. A Taft victory is invariably followed by a Roosevelt bolt. Having been overwhelmingly defeated in New York Roosevelt supporters immediately called on the Democratic Governor of the State to order a new primary and give Roosevelt another chance.

All this has a sinister look. It has the appearance of a premeditated intention to organize a bolting convention to give the Colonel a nomination he could not win from the Republican voters.

The biggest joke of the campaign is the circulation of La Follette's speeches as reasons why Roosevelt should be nominated. Roosevelt has never publicly endorsed La Follette's political views, although he has commended certain local measures which became laws when La Follette was Governor of Wisconsin. But it is exceedingly funny to see the Roosevelt organs quoting Battle Bob in the interest of the Oyster Bay candidate. The Colonel does not stand for the things that La Follette does, nor does La Follette stand for the Colonel's fine distinction between good and bad trusts.

## News Item—While speaking in Portland, Me., Colonel Roosevelt's platform caved in with a resounding crash.

## "AND THERE IS ANOTHER ONE ACOMING"

BY THE OAKLAND TRIBUNE CARTOONIST.

## The Betrayal of La Follette.

In declaring himself a supporter of Senator La Follette Rudolph Spreckels takes occasion to flatly contradict the assertion of the San Francisco Bulletin that La Follette's candidacy in this State is being urged to help Taft. The contradiction was unnecessary. The Bulletin's statement was absurdly false on its face. It not only denied facts of common knowledge, but events of history so recent as to make the Bulletin's bold falsehood ridiculous.

While the challenge of Rudolph Spreckels is specifically addressed to the Fremont Older fabrication, it indicts Governor Johnson, Chester Rowell, Meyer Lissner, William Kent, John D. Works and the literary scullion of the Sacramento kitchen cabinet, A. J. Pillsbury, of treachery to La Follette and giving false excuses to justify the betrayal. Mr. Spreckels says:

"The men who must be charged with progressive defeat (if such a thing is possible in California) are those men who, after having for months sanctioned and approved the candidacy of Senator La Follette, could not resist the temptation of getting aboard the last and most showy bandwagon to go into the ring, no doubt hoping thereby to get a greater amount of the public's attention for themselves. But politicians of all brands seem to have overlooked the fact that the people have learned to choose their own vehicles to carry them to their destination—self-government."

Mr. Spreckels points out that the State administration and all the Roosevelt leaders in California were committed to La Follette as far back as last October and in January organized a La Follette League. Governor Johnson was one of the eight Governors who requested La Follette to be a candidate. Hon. John D. Works was one of the Senators who signed the round robin urging Battle Bob to run.

"Let truth prevail," continues Spreckels, "and if progressive defeat results from changing leaders in midstream, the blame must rest with the Roosevelt supporters, who brought about a split in our ranks. I still believe the independent progressive voters will not sanction the building up of another political machine in California."

Taft's friends did not put La Follette into the fight, and it would be nonsense to say that the Johnson forces injected Roosevelt as a candidate at the instance of the President's supporters. The men who put La Follette in the fight in this State tried to throttle and throw him out without his knowledge and consent. Now they say La Follette is kept in the fight to help Taft. The Spreckels statement holds the mirror of truth up to deliberate falsehood and plotted treachery. Historically it is an unimpeachable document.

The hat may be still in the ring, but assuredly the Colonel is out of it. He was knocked through the ropes in Indiana and again in New York, and seems altogether outclassed, outpointed and outfought. Like all champions, he has had "ex" attached to his name.

## ROWELL, THE TURTLE

A correspondent has asked for a suitable term to properly describe the acrobatic Chester Rowell, editor and job holder. Must confess he has passed up a hard one. Our first impulse was to liken him into a small elusive shrimp but this we could not do without a great injustice to that little animal of the Gulf.

What's the matter with "turtle"? You often hear of an automobile turning turtle with a suddenness that jars the entire machinery. Has not this little turtle turned with a frequency and a suddenness that would make a machine of the racing type a joke? Did not "turtle" come out of his shell and nod his sparsely adorned pate for Rob La Follette and feeling it greeted with a friendliness that would do credit to a grandpa Works turn turtle did he not protrude this same little black again

and nod it for Teddy the Terrible and probably with the same result? Turtle will probably turn again and who can say that the next time he will not nod for Big Bill Taft of the perpetual smile? It cannot be said he is a mock turtle. He's a hard shell Republican always, no matter what the brand, and he can change from one to the other with the alacrity of the chameleon.

Yes, turtle is good. For does it not grovel and crawl in the dust? Does it not frequent the stagnant pond of fifth as does the literary highwayman who goes out in quest of character? Is not the turtle small, insignificant and despised even by the timid hare? And in the end does not the turtle land in the soup, where amid the umbrellas reflected from Teddy's teeth we reverently consign our Chester—Ukiah Dispatch-Democrat.

## SERMONS IN BRIEF

THE FALLACY OF BIGNESS.  
(By Rev. Thomas A. Boyer, pastor First Christian Church.)

Among the fallacies that continue to haunt themselves in the world's thought and life, there are perhaps none that do so more persistently, insidiously, than the fallacy of bigness that constitutes so unmistakably one of the foremost passions of our times.

In consequence of the inevitable enterprises of magnitudinous proportions that have come about in the world of business—the big buildings, big combines of industry, big exhibitions and big swindles to which we are daily accustomed—men and women everywhere have become inculcated with the idea that life is a failure unless its music is all set to this key. This mammoth characteristic manifests itself in our manners, our talk, our walk, even in our "loudness" of attire. We sigh after the strange, the unusual, the resplendent, and so miss the sweet and satisfying joys of more familiar and of common things. Enamored of the great guns—many of which are of great bore—we have lost from our lives altogether the cry of the fatidid and the cricket in the open fields as well as the robin redbreast's song, as with each recurring springtime it rings throughout the land.

This spirit of showiness, of vainglory; this penchant on the part of peoples and civilizations for doing things on a big scale that might be done to very much more of advantage and personal comfort on a small scale, is no sign of individual or national health. This passion for the colossal and the vast, instead of being a sound passion, a passion that inheres in the nature of things in an order that is morally strong and steady, is a passion that portrays unsteadiness and decline as sure and certain as physical deterioration proclaims itself in the hectic glow of the cheek. The overstrained, the abnormal, the soul debilitating ideals of our times, many of them, were the ideals of the decayed nations before their lights went out.

What is needed today is a new note of sanity in the vast orchestration of interests. Life is not of necessity a skyscraper sort of an affair. In the round of a year of 365 days, there are but few high days. It was Michael Angelo, I think, who said: "It is trifles that make up perfection, but perfection is no trifle." We all need a new discernment of the importance of "commonplace" experiences.

"A commonplace life" we say, and we sigh; But why should we sigh as we say? The commonplace sun in the commonplace sky.

Makes up the commonplace day: The moon and the stars are commonplace things. And the flower that blooms, and the bird that sings: But dark were the world and sad our lot, If the flowers should fall and the sun shine not— And God, who studies each separate soul, Out of "Commonplace" lives makes his beautiful whole.

## Gaynor Out of It

I am not a candidate for president. I am willing to leave the field to all who are candidates and to those who are not candidates. If the Republicans are not to do a bare thing, they will nominate Taft. Republicans, as a rule, do not do bare things to their leaders—Interview by New York Herald.

## CHRISTIAN SCIENCE JOURNALISM

Brother "Too Pious" Earle may be a great statesman and moral uplifter, but he's a bum newspaperman according to a friend of this profession who has just come up from the south. The Los Angeles Tribune, which started off with a bound unprecedented in journalistic history, is now on the toboggan—and all owing to the meddling of the proprietor in the news room. The original subscribers are making grimaces, but they seem to be returning to those organs of plutocracy, the Times and Examiner.

The causes of the Tribune's decline are twofold. In the first place, Brother Earle is a Christian Scientist. It grates on his soul to have to use the word "death." But as the general public won't stand for the term "mortal thought" or "error," he has tried to get around this by eliminating so far as possible all reference to crimes or disasters. For instance, to take a mild example, the Tribune did not mention a word about the attack of appendicitis that retired Ad Wolgast from the ring at the time when everyone was interested in one of the his greatest ring battles, then soon to take place. In the belief of the publisher, Ad suffered only from an "error" and

should have been able to get into the game for a few thousand dollars' worth of absent treatment. His "going under the knife" was therefore unforgivable and unfit to print.

Years ago I happened to be going through Oregon at the time the farmers were receiving bills for "freight" from the Earle Fruit Company. This concern had shipped all the fruit in the Willamette to Eastern points and then reported to the growers that it had all "spoiled" in transit and either had to be sacrificed at the markets or thrown away. Since then the Earle company has done very little business in Oregon.

Now as a capitalist, Earle is a man of many alliances. And the copy desk found it could hardly attack any corporation in the south without treading on the sensitive toes of the proprietor. The result is the staff is dispersing in disgust. About all that is vital left in the Tribune, in consequence is the telegraph news, received over the leased wires. There are two of these wires, one from Chicago, which grabs all the stuff from the midnight editions there, with a two hours' leeway, and one here, which plates from our own first editions.—Menippus in Stockton Mail.

## TAFT IN MASSACHUSETTS

Really it was time for William H. Taft to be given taste of a rousing exhibition of the popular favor and acclaim. He got it in generous measure in Boston. It banished the smile from his face when he stood before the Legislature and made him sober and forceful beyond his wont. He was profoundly moved. The deeps are being touched in the man and the people. We have got down to discussion of the basic things in our government—

Thoughtful Americans will not lightly abrogate constitutional safeguards. Our legislative reporter, whose experience runs back over more years than he would care to have us tell, describes the president's reception in the hall of the House of Representatives as unprecedented in its ardor, and the welcome as unquestionably genuine. The same story is told by the Boston papers of last evening. There can be no mistake about the facts, and little room for debate as to the meaning of an exceptional demonstration—Springfield Republican.

## 20 YEARS AGO IN OAKLAND

The faculty of the State University has started arrangements to petition the Board of Regents for an assembly hall, which they state is badly needed. At the Charter day exercises last week they were hampered by lack of seating arrangements in the gymnasium. The same happened at the inauguration of President Horace Davis some time before. Furthermore, state the university instructors, meetings interfere with instruction in physical culture and thus break into the college routine.

The inter-association meet of the Y. M. C. A. was held today in San Jose, the Oakland organization sending a large delegation. Ramon Russ, Bernard P. Miller, Charles Taylor and Louis Blake were among the Oakland athletes contesting.

The pupils of the Berkeley Gymnasium, assisted by De Witt Benfrow and B. Fabian, held a musical last night at the school.

Work has been started on the planting of the new trees in the grounds of the Fabiola Hospital.

Ross Morgan, a recent graduate of the University of California and an Oakland boy, has gone East to study sanitary engineering. He has been specializing in municipal engineering, and has already achieved a considerable reputation in this new line of technology.

The Piedmont Cable Co. has signed a contract with the San Francisco Tool Company for the completion of the road from Twenty-fourth street and Broadway to the cemetery, \$199,000 to be the price of the work, according to the announcement of the railroad men.

ALAMEDA, March 27.—A heavy dray which broke down on the Oakland Traction company's tracks on Webster, near Alameda Recreation park, tied up the Washington street-Santa Clara avenue carline between Alameda and Oakland this morning for over an hour. Cars were switched back and forth in an effort to maintain some sort of service, but most of the traffic was diverted by way of East Oakland until the disabled truck could be picked up and moved off the street car right-of-way.

Lambert Smith is deputy registrar of the Y. W. C. A. Castro and Fourteenth streets, and will be stationed at her post every day for the next three weeks.

Registration parties will attend the Oakland and Denham clubs today in conjunction with luncheon entertainments.

SAN FRANCISCO, March 27.—Beckley by the invitation of a stranger and lured to a dark alley, Kearney Johnson, who lives at the Montana House, was set upon, beaten and robbed late last night by five men. Johnson encountered a stranger in Sunnyside wine cellar and at his invitation accompanied him to meet his sister. They had proceeded but a short distance, when in a narrow alleyway near Greene street and Kearney street, Johnson's companion and four other men knocked him to the street. He took \$17 from his pocket, and made their escape.

## Shriners' Sawdust Exhibition Will Be Replete With Many Acts; Thrilling Feats to Be Part of Program

In the big parade that is to open the Shriner Circus Monday for four days in Oakland, the Al G. Barnes wild animal show features will be intermingled with acts prepared by members of Ashmores temple. The Shriners are determined to make the circus a success, as the proceeds are to be used to advertise Oakland at the session of the Imperial council to be held in Los Angeles in May.

The city council has granted to the Shriners the use of the campus south of the Twelfth street day and fronting on Lake Merritt. This wide campus will be used to display the work of the Ashmores Temple patrol and drill team, and ample room is provided not only for the big three-ring circus tent, the menagerie, containing 350 wild and trained animals, and the side shows, but also for a bandstand and concert tent. Eight performances will be given, and at each, in addition to the regular circus program of thrilling acts and displays, the Shriners will present special features.

With the Al G. Barnes show is the smallest woman in the world, the Princess Tiny. She is 17 years of age, and stands just 17 inches in height. Asked for an interview recently, the little princess displayed an easy grace and poise that was a surprise to her father, who travels with her as manager and also as her tutor, as he was formerly a professor at Dartmouth University. The essay is entitled "The Circus" and reads as follows:

"We who live in this breathless era are wont to look upon the circus as a temporary makeshift. It is here today and gone tomorrow. Yet behind its spangled, tinsel and array and restless movement are real traditions. Why are the circus endured in an age that craves new diversion? Simply because it is basic; because it fills a fundamental need, because it is a staple like wheat."

"Laughter is one of the few eternal things, therefore the circus which produces takes on something of the same quality. More than this, the circus is as much an expression of art as the drama. Like art, it is universal."

Circus people are persons of large and unworried charity and compassion. No comrade is deserted in affliction or distress. Contributions of money and sympathy flow in upon him, and none fails to subscribe. If the situation requires more money than he is able to provide, word of the need is sent to the friends with other similar organizations.

"Many of the people of the circus accumulate competence after a few years' work and there is no reason why they who live prudently should not soon be financially independent. It is a common practice with many circus people to draw only a small part of their salary each week. The accumulated balance awaits

Hemingway took lodgings at 700 Howard street, and last night met the soldiers in a saloon on Jackson street. At their invitation he accompanied them to Fort Miley where he says they told him he could obtain lodgings free of charge.

Under their escort he left the car at Twenty-second avenue and California street, after which he claims they piled him with liquor and left him alone on the street minus \$50, which he had on his person. He reported the robbery to the Richmond station.

## STAR OF SCOTLAND LEAVES HARBOR

One of Largest Vessels of the Packers' Fleet to Sail for North.

After an idleness of over eight months, the American bark Pactolus left her berth on the mud flats off East Oakland and tied up at the United Engineering Works this morning. The Pactolus arrived at this port June of last year with a cargo of coal for James P. Taylor. There being no work for her to do she was put in the "bone yard" until something turned up.

The vessel has been chartered for a coal passage to New Castle, Australia, by a San Francisco company. She will receive a general overhauling at the local shipyards and will then be sent on her journey across the seas. She will probably be captained by Captain Dowling, who acted as her skipper during several of her previous trips.

The ship Star of Scotland, one of the largest vessels in the big fleet of the Alaska Packer Association's carriers, left the inner harbor this morning in tow of the Radiata tug Sea Queen and Sea Lark. The big packers are nearly all in readiness for the run to the northern fisheries and it is thought that all will be out by the middle of next month. The fleet of the North Alaska Salmon Company's packers, which are also berthed in the mud flats off East Oakland, are being overhauled and inspected for their northern trip. No movement has as yet been made by this fleet but the packers of this fleet will probably begin sailing for the north about April 1. The crews of some of these craft are already at work on the windmills, getting the canvas in order for the sailing.

## TUG IS BUFFETED

While running outside yesterday morning the tug Mariner received a severe buffet, which resulted in her being forced to put in for repairs. She went on the ways of the local yards of the Moore & Scott Co. this morning and will receive a general overhauling. Inspection of her hull showed that her bottom seams had been somewhat strained by the heavy seas. Her engine will also receive a thorough inspection.

Among the arrivals on this side yesterday afternoon was the steam schooner Nome City. The vessel ran up the stream and tied up at the Sunset Lumber Company's wharf, where she is discharging a lumber cargo. She came from Seattle and is in charge of Captain Hanson. The vessel was favored with fine weather during the passage.

The steam schooner Carlos steamed in late yesterday and this morning went on the ways of the United Engineering Works. She will receive a general overhauling.

Among the departures from this side today was the three masted schooner Bertie Minor, which left the Sunset Lumber Company's wharf.

## SHORT STORY

Food That Changed His Life.

Many level-headed business men pay too little attention to what they eat until sickness attacks them.

Sedentary occupation, improper food and daily resort to drugs, coffee or liquors to "smother" the disease has put many a good man away.

"For many years my labors have been entirely indoors," writes a New York man.

"Naturally, want of exercise, coupled with heavy eating of the meat, more or less greasy food and pastry told on my digestion."

"For a long period I tried scores of remedies without avail, and finally I was compelled to resign my position as secretary of an important business association. My weight had run down from 145 to 118 pounds. I was unable to sleep naturally, rose unrefreshed and without ambition, simply dragged about, feeling more dead than alive."

"About a year ago at a meeting of the Royal Arcanum, of which I am Orator, I was advised by a fellow member to try Grape-Nuts. But I had no faith in eating of the matter with such a method, and said so."

"He finally won my promise to give it a fair trial. I began the following day and to make a long story short, in less than a year I have revolutionized my physical and mental condition, now weigh close to 150 pounds, and can digest all my food, which is eaten with relish. This change is due to Grape-Nuts."

# WOMEN TESTIFY IN MYSTERIOUS CASE

Niece and Friend Shed Light on Tragedy First Thought to Be Murder.

ALAMEDA, March 27—Coroner C. L. Tidale held an inquest yesterday morning in the case of A. Katzenberger, the Oakland tailor, whose body was found in the bay off Alameda pier last Friday. Mrs. Alice Russell of Piedmont, a niece of Katzenberger, and Mrs. Allice Bertine of 209 Kearny street, San Francisco, a friend of Katzenberger for twenty-one years, were the chief witnesses.

Mrs. Bertine testified that Katzenberger called on her for a few minutes last Wednesday. When she asked him why

he was leaving so soon, he replied that he was going home to bed and that he hoped that he would never wake up. He then pawned his diamond ring and one of his shirts. He had never been happy and jolly, Mrs. Bertine said, but during his final call he was very quiet.

The mire was used as an identification for the slugs, but threw no special light on the tragedy. Joe Costa, a Southern Pacific employee, told of finding the body. The verdict was death from asphyxiation through drowning, the drowning being the result of a determination of Katzenberg to end his life.

An inquest was also held in the case of Willie Wilcox, the 12-year-old Alameda Boy Scout, who died of a fractured skull sustained in falling down the shaft of a mine shaft at the Alameda branch of the Alameda Heights. The chief witnesses were two boy companions of Wilcox on the day of the accident. These witnesses were George and James McDonald. Dr. J. H. Crosby testified as to the boy's injuries.

Schulze showed that death was due to fatty degeneration of the heart.

## DON'T BE BALD

Almost Any One May Secure a Splendid Growth of Hair.

You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair, curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so sure that Revall "33" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for Revall "33" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user.

Revall "33" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50 cents and \$1. We urge you to try Revall "33" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Revall Remedies only at the Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

## TO GET DATA FOR FISH TRUST FIGHT

Merchants' Exchange to Make Use of Evidence Gathered in San Francisco.

The action brought against the "fish trust" in San Francisco, and the reports of the state fish and game commission, will be the basis for the proposed action of the Merchants' Exchange against the alleged combine in Oakland. The data has been sent for, according to Secretary Wilber Walker, who reported last night at the meeting of the exchange.

"Until we receive this data there is nothing we can do," stated the secretary. "The reports are promised me, and they will contain all the evidence we will need to go ahead."

The proposition of extending Broadway to the Tunnel road will also be discussed at the next meeting. Colonel Theodore C. Walker, who was to have made a report in the matter, was not present.

"We have encountered considerable opposition," stated Secretary Walker, "but believe that the work can be carried through."

The exchange received thanks from the One Cent Letter Postage Association for the resolution recently passed favoring this reform. A letter was also read from Senator George C. Perkins, stating that he will support the project. This read as follows:

PERKINS' LETTER.

"Daniel Crowley, President Oakland Merchants' Exchange—Dear Sir: I am in receipt of your resolution relative to the 1-cent letter postage bill, and shall gladly give my support to the measure. I will submit your resolution to the Senate, and have it referred to the postoffice committee. Yours truly,

"GEORGE C. PERKINS"

Congressman Joseph R. Knowland was appointed the exchange's representative to the Lake Mohawk Convention on International Arbitration.

Craigie Sharp asked that the exchange inaugurate municipal legislation tending to abolish the building of "spite fences."

"A similar resolution in Los Angeles is a success," said he, "and should be in force here. There are several of these places of architecture in the city."

"It cannot be done," said Wilber Walker, "because an owner can build on his side of a boundary line without the law being able to regulate the matter." This matter was referred to the president and secretary for a report next week. The matter of wagon licenses in small towns, which the exchange has been fighting for some time, was brought up, when J. C. Downey asked how the cases in the Supreme Court stood.

"They are still there," said Walker. "No definite action has been taken."

NEW MEMBERS.

Craigie Sharp, in charge of the exchange's membership campaign, reported that a number of new applications were in the following were elected to membership: C. A. Ingerson, J. D. Miller, W. A. Wann, Diamond Flour Company, Lynne Stanley, Jacob Gordon, Cosgrave's Cigar and Suit House, Lancaster & Rehn, E. L. Zinner, T. J. Edwards, O. J. Means, Schubert, Holmstrom & Elgriff, and Thomas F. ## STUDENTS OPPOSE SALOON OPENING

To Petition the City Council Against Granting of Liquor License.

The student body of the Oakland Manual Training and Commercial High School has begun a campaign against the granting of a license for the opening of a family liquor store and buffet at 1400 Market street, within a block of the school building. A petition has been prepared by the students' organization for presentation to the City Council April 8. It is as follows:

Whereas, it has come to our attention that an application for a license for a family liquor store and buffet at 1400 Market street, has been made, and Whereas, such an establishment would be an insidious snare and corruption to the students of our school, and Whereas, it would be demoralizing to the neighborhood and surrounding the proposed saloon, therefore,

Be it resolved, that we, the Council of the Student Body of the Oakland Manual Training and Commercial High School, earnestly petition your Honorable Body to refuse said application for license.

Done by order of the council of the Student Body of the Oakland Manual Training and Commercial High School.

Henry J. Bru, chairman, Ray W. Fisher, W. A. Spencer, Bruce Dixon, Hugh Fulton Jr., committee.

Approved March 25, 1914.

## COXEY SUING FOR RETURN OF COIN

Stock He Bought Is Worthless, Declares "General" in Complaint.

NEW YORK, March 27.—A deal in mining stocks by General Jacob S. Coxey, one-time leader of "Coxey's Army," with Grant G. Gillette, a promoter, has resulted in a suit here in which General Coxey seeks to have declared void notes aggregating \$17,000 and to recover \$3000 additional.

General Coxey, whose home is in Massillon, Ohio, lives part of each year at the Waldorf-Astoria in this city, and he and Gillette own a fruit ranch in California. General Coxey alleges in his complaint that the stock for which he paid \$1 a share is worthless. He has obtained a writ of habeas corpus, a supreme court to take the testimony of R. K. Weaver, now at Tulsa, Okla., whom General Coxey says, saw Gillette make an agreement to take back his stock for \$15,000 if Coxey did not want to keep it.

## YOUTH KILLED IN FALL AT MARE ISLAND YARD

VALLERJO, March 27.—The first tragedy in the construction of the collier Jupiter at Mare Island navy yard occurred yesterday when Douglas Johnson, a fourteen-year-old rigger, fell from the staging and was instantly killed.

No one saw the boy when the accident happened, and it is impossible to say how he came to be on the staging.

He made no noise when he slipped, but when working near where he fell, a dozen hands raised him up, but life was already extinct. An examination showed that no bones had been broken and that death must have been caused by the shock. The boy lived with his mother, Mrs. Charles E. Ogilby, in this city.

## 'STABAT MATER'

TO BE SUNG HERE

Dvorak's Oratorio to Be Heard at First Congregational Church Sunday.

The present revival of interest in oratorio music will receive further impetus by the performance of the great "Stabat Mater," by Dvorak, next Sunday afternoon, Palm Sunday, at 3 o'clock, at the First Congregational Church, Oakland. A chorus of one hundred singers has been rehearsing under the direction of Alexander Stewart for some time in preparation for this event, which is planned as an appropriate introduction for holy week.

The "Stabat Mater" of Dvorak shares with the German "Requiem" of Brahms the honor of being the greatest and most difficult of all modern oratorio works. The soloists of this occasion are Mrs. Alma Bergling Winchester, soprano, Mrs. Carroll Nicholson, contralto, Hugh J. Williams, tenor, and Lowell Redfield, baritone, with Miss Virginia de Fremery, organist.

## ABSENT GUARDSMEN FACE COURT MARTIAL

OROVILLE, March 27.—As the result of the absence of a number of enlisted men in Company I, Second Infantry, National Guard of California, from the annual inspection, Adjutant-General Forbes stated that these men would be arrested and tried in the civil courts and then court-martialed.

Warrants were issued yesterday for the arrest of six of the absent members, and one of them, E. S. Blackmore, has been arrested. Adjutant-General Forbes remained in town to watch the proceedings and aid the prosecution. The other five are C. G. Stebe, Henry Sadowicki, Charles Glover, Wilborn Jackson and A. S. Bell. All are private.

Other warrants are to be issued, it is stated. The charge against each is violating an order of a superior officer of the militia, which is a misdemeanor under the state law and punishable by a fine as great as \$500 and imprisonment for six months or less.

## AWAY GOES ALL

STOMACH MISERY

No Indigestion, Heartburn, Gas or Dyspepsia Five Minutes Later.

If you had some Diapiesin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine. This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or have like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pope's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pope's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pope's Diapiesin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, indigestion or any other stomach disturbance.

## BISHOP MORELAND FAVORS MARRIAGE LAW

SACRAMENTO, March 27.—Commenting upon the rule laid down for the guidance of the clergy of the Episcopal church in Chicago, that persons desiring to be married must furnish a physician's certificate of physical and mental health, Bishop William Hall Moreland of the Sacramento diocese said yesterday:

"The new marriage rule laid down by Dean Sumner, and approved by Bishop Anderson of the diocese of Chicago, is a step in the right direction. Applied loyally to Chicago I dare say it will work to the great advantage of the future social life of that city. It is the proper thing."

Bishop Moreland declined to discuss the rule as it might be applied here. He said that he was not prepared to make a statement as applied to Sacramento.

## Eddie Graney Will Referee Frankie Burns-Johnny Frayne Boxing Match Friday

### GRANEY IS TO REFEREE FRAYNE-BURNS FIGHT

To Return to the Fistic Arena After Many Years; His Fee Will Be \$200

Eddie Graney is coming back. After an absence of several years from the roped arena the honest blacksmith has consented to referee the Frayne-Burns scrap at Dreamland Pavilion across the bay on next Friday night. Managers White and Gorman were at a deadlock over the referee question until the name of Graney was proposed, and after considerable persuasion he consented to act. He agreed to don the Tuxedo suit on one condition, and that was that his fee be \$200, and that he be allowed to do with it as he saw fit.

"Agreed" spoke White and Gorman in one breath and then Eddie told them he was going to divide his fee equally between the families of Brennan and Coleman. Nifan, who lost their lives in the discharge of their duties.

Up to the time of his retirement from the refereeing line Eddie Graney was looked upon as one of the best referees. The late Eddie Smith, Jack Welsh and himself. He is thoroughly familiar with the game and has a happy knack of getting action from the contestants every moment they are in the ring.

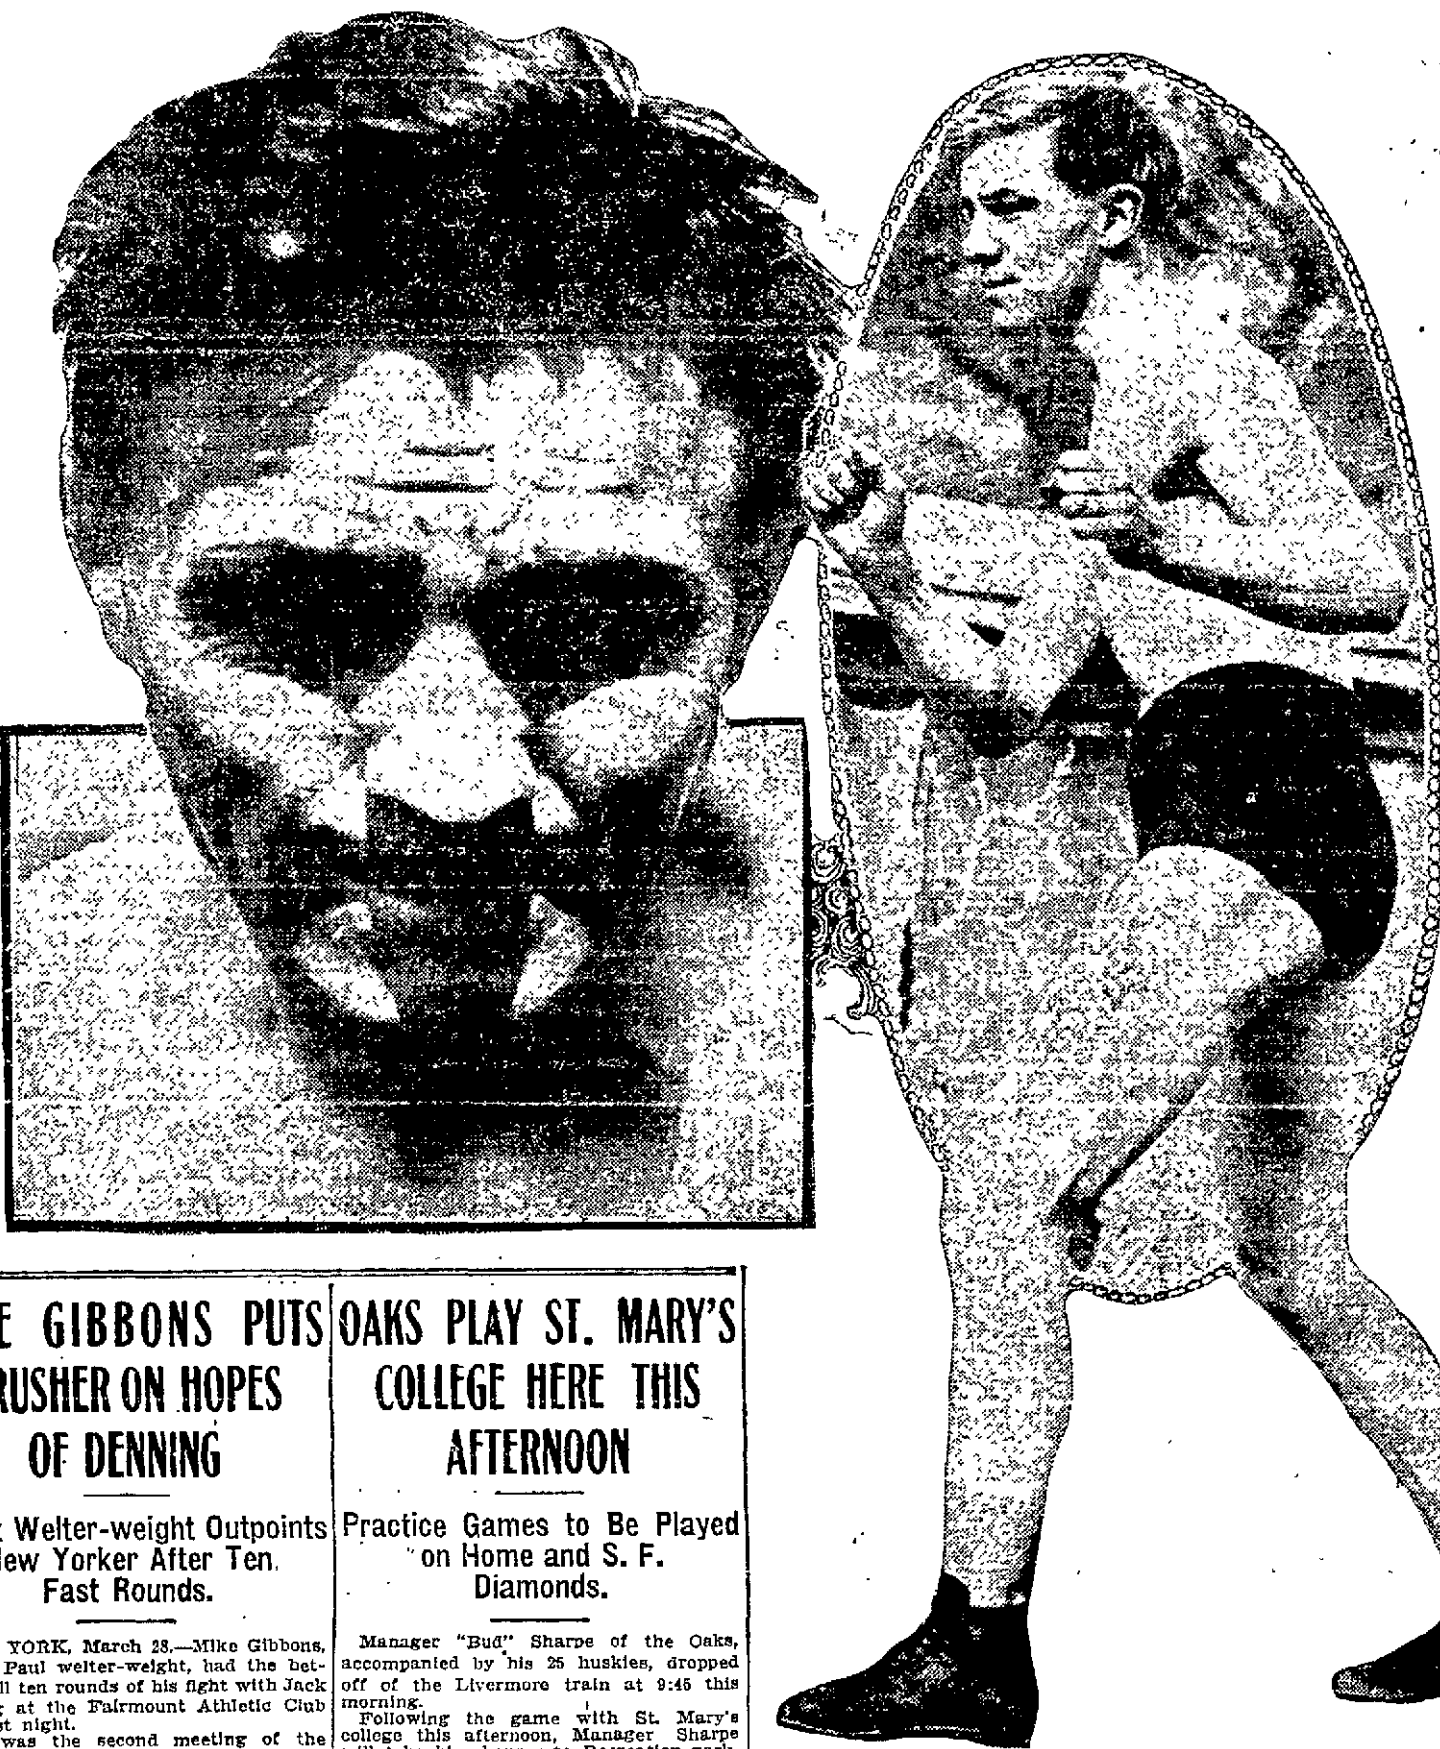

The last fight he refereed was between the late Johnny Murphy and Freddie Welsh in Los Angeles in 1908. It was won on a decision by Welsh at the end of 20 rounds. Graney was in the Goldfield and officiated in the Abe Attell-Freddie Welsh battle.

His last important engagement was in the Britt-Nelson battle at Colma, one of the sensational mixups of the decade. Graney was selected at the last minute after months of struggling.

**BOTH BOYS IN GRAND SHAPE.**

As for the principals both Frayne and Burns are in grand shape and neither will be able to offer an excuse should the tide of battle go against him. A visit

The fighting face of Johnny Frayne on the left, and a fighting pose of Frankie Burns. These two boys are to box twenty rounds at Dreamland Rink under the auspices of the Tuxedo Club on Friday night.

### MANY CRIPPLES IN RANKS OF LOCAL BALL TEAM

Several of Oakland's Pitchers Show Signs of Sore Arms at This Late Date.

LIVERMORE, March 27. — Oakland packed the bats and balls away last night and early this morning left for the home town where Manager Sharpe will finish the training stunts, with the exception of two days which will be spent at Recreation park in San Francisco, so that the new men may get used to the ball park there.

Yesterday the squad was divided into two teams and a practice game indulged in that was filled with plenty of lively hitting. As to the majority of the men they are in fairly good shape, but several of the pitchers are complaining.

Pitcher Gregory is complaining of a hitch in his left side. He says something slipped during the ninth inning of the game with the college boys Sunday afternoon, and he cannot tell whether or not it is a cold or a strain.

Jimmy Frick is on the hospital list with a split finger, which was caused this morning by the ball he was trying to field coming in contact with one of the pebbles that has given the infielders so much trouble.

Martinson is also troubled with a slight, wrenched knee which he received in the Livermore game Sunday. Pope is another who is limping around. He has a cut on his knee, the result of his pen-kick slipping while he was trying to punch a hole through him.

Manager Sharpe says Outfielder Smith's release last night, but hopes to place him with the Portland Northwestern league club.

### MIKE GIBBONS PUTS CRUSHER ON HOPES OF DENNING

Crack Welter-weight Outpoints New Yorker After Ten Fast Rounds.

NEW YORK, March 26. — Mike Gibbons, the St. Paul welter-weight, had the better of all ten rounds of his fight with Jack Denning at the Fairmount Athletic Club here last night.

This was the second meeting of the men, the New Yorker winning the popular decision in the previous bout. Gibbons tonight redeemed himself cleverly. The men weighed in at 3 p. m. at 145 pounds, but at the ringside Gibbons weighed 150 and Denning 155.

From the outset Gibbons never left the result in doubt. Left-hander Denning started the bout with Denning's nose and mouth, and he bled throughout the fight. In the second and third rounds, Gibbons was after his man continually, shouting left to the face and at close quarters landing short hard rights on the body. Denning fought back gamely, but Gibbons blocked cleverly.

In the fourth Denning mixed freely, but Gibbons staggered him with a right across the jaw, sending Denning down for eight seconds. Denning got up rather groggy, but the bell saved him from further punishment.

In the seventh Gibbons landed three lefts to the face, Gibbons was jabbing him all over the ring at the bell. The three rounds were a repetition of the seventh. Gibbons made several unsuccessful attempts to land a knock-out.

Gibbons had the better of the fifth and sixth rounds, although Denning got in some lefts on the face and two right hooks which closed Gibbons left eye.

### OAKS PLAY ST. MARY'S COLLEGE HERE THIS AFTERNOON

Practice Games to Be Played on Home and S. F. Diamonds.

Manager "Bud" Sharpe of the Oaks, accompanied by his 25 huskies, dropped off of the Livermore train at 9:45 this morning.

Following the game with St. Mary's college this afternoon, Manager Sharpe will take his charges to Recreation park, San Francisco, to let them have a day's practice on those grounds where the bulk of their playing will have to be done throughout the season.

In order to give the boys some good practice in real games before the opening of the season, the manager has arranged another game with St. Mary's college on Friday afternoon at 3:15 at Freeman's park, and on Saturday and Sunday afternoons at 2:30 they will line up against the Victoria team of the Northwest league at Freeman's. These contests should be interesting in that they will give the fans a chance to size up the class of the Northwest league teams and there will also be an opportunity to renew acquaintance with some oldtime Coast league favorites, including Lou Nordyke, the former first sacker of the Coast league, and Jimmy Adams, also Cook, who was at one time a member of the Oaks.

The following will be the numbers of the various members of the Oaks when they start their Coast league pennant battle next week:

1. Mitze; 2. Tiedemann; 3. Rohrer; 4. Sharpe; 5. Leard; 6. Cook; 7. Hitting; 8. Frick; 9. Coy; 10. Zacher; 11. Patterson; 12. Hoffman; 13. Able; 14. Gregory; 15. Christian; 16. Malarkey; 17. ### OAKLAND HIGH TEAM TO MEET BERKELEY ON DIAMOND

The first game of the Oakland High school-Berkeley High annual baseball series will be played Friday afternoon at Grove street park at 2:30 o'clock. A series of three games are scheduled, if necessary, to decide the winner. Last year the series was won by Berkeley, while the previous year Oakland walked off with the series. Both teams have made a good record here far this season and appear to be evenly matched.

Gepkin will be Berkeley's mainstay in the box, while Oakland has Fowler. Christian and Clark, a trio of reliable twirlers. Only recently Christian and Fowler pitched a 15-inning game against Oakland Poly, winning by the score of 5-4 and starting but four hits between them. Rankie or Manager Bill Wilson will be on the receiving end of the battery. George Cunha will cover first, Joe Malarkey will be the keystone sacker with Captain Cowan coveting at short. Third base, the difficult corner, will be ably taken care of by "Lank" Briggs, the phenomenal slugger. In the outfield will be Clark, Lill, Bannon, or Fowler.

Oakland will present a much stronger nine than that of last year and is confident of taking the series. Coach Brown is daily at work with the squad at Perin park near Lake Merritt.

### HORINE IS WONDER IN HIGH JUMP AT PALO ALTO

STANFORD UNIVERSITY, Mar. 27.—The world's inter-collegiate record in the high jump was broken yesterday afternoon in the Pomona-Stanford track meet by George Horine of Stanford, who cleared the bar at 6 feet 4 1/2 inches.

This mark better by three-quarters of an inch the joint record heretofore held by Horine and Pargo of Pennsylvania. Horine actually went 6 feet 4 1/2 inches, but the measurement was taken at the lowest point of the bar.

Stanford won the meet over Pomona by 88 to 34. Pomona captured the relay at 1:34 and tied for first in the pole vault and half mile. Campbell of Stanford won the 100, 220 and 440-yard dashes in splendid time. Woolley broke the Stanford record in the hammer throw at 153 feet 1/2 inch. Murray of Stanford and Hitting of Pomona ran a dead heat in the half mile at 2:01.

### JOHNNY KILBANE IS WILLING TO MEET AD. WOLGAST

CLEVELAND, Ohio, March 27. — Johnny Kilbane, featherweight champion, may give battle to Ad Wolgast for the lightweight championship.

Jimmy Dunn, Kilbane's manager, today received a telegram from Los Angeles, asking if he would consider an offer for Kilbane to meet Wolgast in a twenty-round contest on July 4.

Dunn replied that he would match Kilbane against Wolgast for the lightweight championship provided Wolgast would not insist upon being given all the money. Dunn and Kilbane left tonight for New York.

### Veteran Becomes Manager

CHICAGO, March 27. — Charles "Chic" Fraser, formerly a Chicago National League pitcher, has signed a contract to manage the Decatur, Ill., team in the Three I league for the coming season.

**BARNET QUOTES**  
RULING OF TAFT  
Declares He Had the Right to Take Photograph of S. C. Lillis.

S. C. Lillis, a Fresno millionaire, who is serving a six-months sentence in the federal department of the Alameda county jail for illegally fencing in land, has nursed a grievance since last January, when, upon being committed to the institution, he was forced to undergo the process of being photographed for the purpose of possible future identification. Through his friends he called the matter to the attention of President Taft, and by the chief executive it was referred to the attorney-general, with instructions to make an investigation. Wickersham's assistant, W. T. Denison, sent a letter to United States Marshal Charles T. El-Holt of this district, asking him the why and wherefore of the procedure. El-Holt passed on the letter to Sheriff Frank Barnett, in whose custody the federal prisoners are, and who caused Lillis to be photographed. Barnett passed the matter up to Deputy District Attorney W. E. Smith.

In his delving into the case Smith found that some time back in 1891 President Taft, then solicitor-general, had rendered an opinion to O. L. Spaulding, who was acting United States treasurer, in regard to a question which had arisen as to whether secret service men had authority to photograph criminals. The opinion was, in part, as follows:

"I do not understand why you do not afford secret service men all facilities possible for forwarding out copies. The photograph of known criminals is necessary. I hope hereafter there will be no cause for complaint against your office in this regard."

Sheriff Barnett has turned over the information to Marshall Elliot.

In speaking of the matter today, Sheriff Barnett said:

"No discrimination was shown in treating Lillis when he was brought here from the Fresno jail. He was photographed for identification the same as any other prisoner would be and always are. There was no precedent set and none broken."

**OLD RESIDENT, BUT CANNOT REGISTER**  
Husband Was Never Naturalized; Woman Must Become Citizen.

Mrs. Agnes Donaldson of 1220 Ninth avenue has been a resident in Alameda county for the last thirty years, and until this morning she thought she could vote. She has four children, three of whom can exercise the right of franchise, but when she applied to County Clerk Cook to register she was told that first she would have to become a citizen. Her husband never became naturalized but three of the children were born in the state, while a fourth was born in Scotland. Accordingly she took out first papers in citizenship proceedings instead of registering.

Charles V. Rowe, an accountant of Alameda, appeared before Judge Brown, sitting at court of naturalization today, but could not remember who was the first president of the United States, giving as his opinion that he was Abraham Lincoln. After his memory had been refreshed by a review of the facts, he was given a citizenship certificate.

Giovanni Viator, a clerk, who said he could become a citizen by merely writing to the judge. His letter on file stated that he found it difficult to get work without being naturalized and as he was not prepared to give other testimony in the matter his case was continued.

**TWO MEN BURIED**  
IN AN AVALANCHE  
Wealthy Englishmen Are Near Death on Slope of Mt. San Bernardino.

SAN BERNARDINO, March 27.—Richard Livingston and George Albert, wealthy Englishmen passing the winter at Riverside, narrowly escaped death when, in trying to scale Mount San Bernardino they were caught in an avalanche of snow and ice which swept with tremendous force and at a terrific rate for a thousand feet down the north slope of the mountain. The men reached San Bernardino today with the story of their adventure. They said they escaped death after having been caught in the avalanche only when they were hurled from its side into a great drift of snow. Both men lost their packs and Albert was knocked unconscious, for two days following the men were without food and shelter. They were rescued by a party of men who were on a cache of provisions made by Will F. Brown of San Bernardino who last year was caught in an avalanche which carried him from the crest of Mt. San Bernardino to Dollar Lake.

**SALESMAN HELD**

Highwaymen Take His Valuables as He Enters Home, and Hurry Away.

SAN FRANCISCO, March 27.—Two men who had been lurking in his own doorway and who confronted him as he was mounting the steps of his home, 729 Guerrero street, at San Francisco last night, held up and robbed Carl Meyers, a salesman, taking a gold watch and a valuable stick pin.

Meyers had one hand in his pocket for his key when he was surprised by the pair who presented loaded revolvers at his head, ordered him not to utter a word and proceeded to search him.

He described the thugs, as one tall and the other short. After they had taken his valuables they pocketed their weapons and hurried away. Meyers telephoned to the Mission station and Policemen Farr was dispatched to investigate.

**CHURCH WOMEN**  
ARE REPUBLICANS  
First Congregational Parish- ioners Register in Edifice for First Time.

That the majority of the women parishioners of the First Congregational church of this city are Republicans was proved by the affidavits of registration sworn to by them before two deputy county clerks, who were invited to register the enfranchised sex at the regular luncheon of the Ladies Aid Society held yesterday in the parlors of the church, Twelfth and Clay streets.

The officers were J. L. Clark and E. D. Phelps. Mrs. James MacLellan was the hostess and introduced Rev. H. A. Jump, pastor of the First Congregational church, as the speaker. He urged the women to do their duty as citizens and exercise their prerogative as voters. For the first time in the history of the church, its officers authorized registration to be carried on within the edifice.

About 200 people were seated at the tables. The luncheon committee included Mrs. F. T. McConkey, chairman; Mrs. George Armstrong, Mrs. D. Hagar, Mrs. S. C. Booth, Mrs. Clark, Mrs. Dabney, Mrs. Osgood, Mrs. Bred and Miss McCloskey.

Among those who registered were Emma Atherton, Helen A. Brouse, Melissa E. Bradley, Mary L. Miller, Jennie M. Wadsworth, Mabel E. Barker, Mary A. Wallace, Flora M. Robinson, Harriet E. Berkeley Society Woman Loses Diamond Buckle Valued at That Sum.

BERKELEY, March 27.—Miss L. E. Callahan, a member of the Berkeley circles of Berkeley society, made a trip yesterday afternoon from the Key House Inn in Oakland to the Carlton Hotel in Berkeley that cost her just \$500. Somewhere en route she lost a diamond buckle worth that amount. She reported her loss to the Berkeley and Oakland police.

The buckle is described by Miss Callahan as being of heavy gold and large in size. It is set with alternating diamonds and rubies. She resides at 2871 Pierce street.

**FIREMAN JUMPS FROM**  
FLYING MOTORBIKE  
ALAMEDA, March 27.—Captain A. L. Reichardt of the Alameda fire department, has found that jumping off a flying motorbike is even a more dangerous undertaking than for a woman to step off a moving street car backward. Reichardt made his debut as a motorbike rider Sunday when he held down the rear seat of Fireman George Seider's new Indian motorbike in a club run to San Jose. Seider was booming along at a fifty mile an hour clip when a reckless auto runner crowded the motorbike dangerously close to the ditch at the side of the road. Reichardt believed a collision imminent and jumped from the machine. After he had plowed up a section of road with his side of his face and his hands he came to a halt in a pile of dust. Seider did not notice that he had lost Reichardt until the flying motorbike had covered several miles. He returned along his course and found Reichardt several miles back, struggling along the weary road to San Jose with a ten mile hike in prospect.

**AIMS BLOW AT CHINESE LOTTERY**  
Council Considering New and Stringent Law Against Gambling.

That the courts and the police may be assisted in obtaining convictions in Chinese lottery cases, a stringent ordinance, framed by Prosecuting Attorney Ezra Denoto, was introduced into the city council this morning by Commissioner Fred C. Turner. The ordinance embodies provisions that have been held constitutional by the higher courts. It makes it a misdemeanor to be in possession of lottery tickets.

The ordinance was referred to the city attorney's office to pass upon its formal sufficiency. It reads as follows:

"It shall be unlawful for any person to have in his possession any lottery ticket, certificate, paper or instrument purporting to represent, or understood to be, or to represent any ticket, chance, share, or interest in or depending upon the event of any lottery, or any instrument, stamp or device used or intended to be used in connection with the drawing of tickets, or getting ready for sale or distribution any lottery ticket or tickets.

"Any person violating the provisions of this ordinance shall be guilty of a misdemeanor, and, on conviction thereof, shall be punished by a fine of not less than twenty-five dollars (\$25), nor more than three hundred and fifty dollars (\$350), or by imprisonment for not more than one day for each two dollars (\$2) thereof remaining unpaid.

BERKELEY, March 27.—G. H. Hugheson of this city has addressed to Max Thelen of the Public Utilities Commission what he believes to be the first complaint laid before that body. Hugheson alleges that an attempt was made by the Peoples Water company to mulct him out of \$50, claiming the company wanted this amount for extending main to his home. In part his complaint reads:

"The Peoples Water company, when I applied to them to connect my cottage, 1250 Francisco street, Berkeley, with their main, refused to do so, saying their main did not extend as far as my place; but they would serve me with water if I would pay for the extension of the mains. In this case the cost would be \$50 in addition to the usual connection fee of \$10.

## CONFESSES TO MANY THEFTS

Police Believe They Have Captured Burglar Who Robbed Professors.

NEW HAVEN, Conn., March 27.—In the arrest of Joseph J. Smyth, the police believe today they have captured the man who has been committing a series of mysterious robberies in the fashionable section of New Haven in the last few months. Many of those robbed are prominent members of the Yale faculty. Smyth, who had been away from town for some time, was arrested upon a technical charge when he returned, and later, the police say, confessed to a number of robberies. Upon searching his house, the police found several complete burglar's kits, masks, etc.

A chart was found in Smyth's clothing which he says marks the places in a suburban park where he has buried \$17,000 worth of loot.

## PROTESTS OPPOSITION TO THE PANAMA CANAL

BELKIN, March 27.—Albert Ballin, director-general of the Hamburg-American Steamship company, in an interview printed in the Tagblatt on the subject of the Panama canal expresses the opinion that it would be foolish for German shippers to adopt a hostile attitude to this great waterway, notwithstanding the fact that the result would be a great increase in American's mercantile fleet.

Ballin says Colonel Goethals, the chairman of the Panama Canal Commission, assured him that if things were normal ships of an average size would be allowed to use the canal in small numbers by August, 1912, although the official opening had been set for the beginning of 1915.

## RUDOLPH SPRECKELS IN SPLIT WITH JOHNSON

### Millionaire Refuses to Forsake Fortunes of Senator La Follette

SAN FRANCISCO, March 27.—Rudolph Spreckels, multi-millionaire and a leader of Republican progressive forces in California refuses to forsake the fortunes of Senator Robert M. La Follette of Wisconsin as a Presidential candidate, giving his reasons therefor in the following statement in which he takes to task Governor Johnson and other California progressives who swapped candidates in midstream and climbed into the Roosevelt band wagon.

"As a sincere progressive, who desires neither public office nor ought else but plain justice and a 'square deal' for every one I must challenge and condemn the editorial appearing in the Bulletin in its issue of March 15. It is there sought to give the impression that the La Follette campaign is being made in the interest of President Taft's candidacy, which is untrue. Loyal progressives are told that to remain loyal to La Follette is wrong and against the interest of the progressive cause. This I deny and I believe the independent progressive voters will agree with me.

The men who must be charged with progressive defeat (if such a thing is possible) in California are those men who after having for months sanctioned and approved of the Senator La Follette campaign, could not resist the temptation of getting aboard the last and most showy band wagon to go into the ring, no

doubt hoping thereby to get a greater amount of the public's attention for themselves. But politicians of all brands seem to have overlooked the fact that the people have learned to choose their own vehicles to carry them to their destination, self-government.

"The people read the sign posts these days and will travel the roads that lead most directly toward political freedom. They will no longer tolerate being driven by designing politicians through machine-made alleys, ways that lead to the pocket of 'special privilege' and boss rule.

Senator La Follette was the accepted candidate of the progressives of California since last October and a progressive victory with Senator La Follette as our candidate was certain until another progressive candidate was brought forward. Let TRUTH prevail and if progressive defeat results from changing leaders in midstream the blame must rest with the Roosevelt supporters who brought about a split in our rank. I still believe the independent progressive voters will not sanction the building up of another political machine in California. They will take heart in the fight against boss rule and repeat here the splendid victory of North Dakota, when the independent progressive voters there gave Senator La Follette so great a majority over both President Taft and Colonel Roosevelt."

## REPORT FAVORABLY ON ROAD EXTENSION

Committee of San Leandro Chamber to Wait on Supervisors.

SAN LEANDRO, March 27.—A special committee of the San Leandro Chamber of Commerce has reported favorably on the proposed extension of the Moraga valley road north of her into Contra Costa county and a delegation will wait upon the Board of Supervisors to urge that the necessary steps be taken.

The report says that ranchers in the district which would be affected have been seen and all are in favor of the contemplated work. At present farmers traveling from Contra Costa county to this section of Alameda county have to make a long detour to the east or west to reach Oakland and other bay cities. The establishment of the new road would open up a large section which at present is inaccessible. On the committee are H. H. Belcher and Postmaster C. Q. Rideout.

A committee of arrangements for monthly dinners, at which prominent men of Alameda county will be asked to address those present, was appointed at the last meeting of the Chamber of Commerce. Those named were Judge D. T. Miller, C. E. Crane and Dr. C. C. Miller.

A public meeting will be called by the chamber to discuss the holding of a cherry carnival.

## 'BLACK HANDER' TO BE DEPORTED

St. Louis Undesirable Will Be Sent Back, Under New Law.

ST. LOUIS, March 27.—Gaetano Viviano, 35 years old, said by the police to be the leader of a "black-hand" gang in the Italian quarters here, will be deported to his old home, Palermo, Italy, by the government, at the instigation of a police captain in "Little Italy."

An immigration inspector told the police captain last night that Viviano could be deported under the new immigration law, which provides that aliens with criminal records in their native land can be denied admission to the United States, or sent back after they have been admitted.

This is the first effective method found by the St. Louis police by which undesirable foreigners can be dealt with. Prosecution has failed because the foreign complainants have refused to prosecute and witnesses have refused to testify. According to information to Palermo police, Viviano was arrested several times for connection with the Mafia and the Camorra.

## REPUTATES MRS. STETSON'S STATEMENT

EDITOR TRIBUNE.—With reference to the dispatch recently sent from New York reporting statements from Mrs. Stetson about Mrs. Eddy, it may be of interest to your readers to learn that those well informed concerning the progress of the Christian Science movement know that it was never more prosperous than the opinions held by Mrs. Stetson cannot be taken as representing the thought of the Christian Scientists, for she is not a member of the church, her name having been dropped some three years ago when it was shown that her teachings and practices were contrary to Christian Science.

Members of this denomination accept the inspired word of the Bible as their guide, and they are not looking for personal leadership. Mrs. Eddy occupied the positions of discoverer and founder, and when such positions have been once filled it is impossible that they should be given to another.

Yours sincerely,

Schneider gives a list of 20 medicinal plants which have been experimented with and have been proven to be profitable ventures. After killing the snake he made a search of the ground and located a vein of 14 carat thick ore which assays 320 in gold.
